SUMMARY

Dynamic and results-driven Computer Science Engineer with a passion for programming, problem-solving, and leadership. Skilled in leveraging data analysis techniques and generative AI to drive innovation. Adept at communicating complex ideas clearly, leading teams, and delivering high-quality solutions. Excited to apply expertise to create impactful, data-driven insights and AI-driven solutions. Looking forward to connect and learn with industry experts. Actively seeking internships to leverage my skills and add value to the organisations.

TECHNICAL SKILLS

- Programming Languages: Python, R, Java, C, C++, SQL
- ML & AI Frameworks: TensorFlow, Keras, PyTorch, Scikit-learn
- Data Processing and Analysis: Pandas, NumPy, Matplotlib, Seaborn , Power BI
- Algorithms & Techniques: Regression, Classification, Clustering, Neural Networks, Reinforcement Learning
- Big Data & Cloud: Hadoop, Azure, AWS , Google Cloud AI

CERTIFICATIONS

- Generative AI Certified Professional – Oracle community
- Oracle Certified AI Foundations Associate
- Introduction to Mongo DB
- Microsoft Azure Fundamentals
- Microsoft – Power BI
- Python Basics – Haacke rank
- Sql basic – Hacker rank
- Introduction to programming in C – NPTEL
- Human Computer Interaction - NPTEL
- Design Thinking – NPTEL (Silver badge)

ACHIEVEMENTS

- Best Paper Award – Second International Conference on Emerging Trends in Electrical Machines, Power and Energy Systems - EMPOWER 2025, organised by the Department of Electrical & Electronics Engineering, SRM Institute of Science & Technology
- Have been the Coordinator for the Paper presentation event in a technical Symposium.
- Been the School pupil Leader – Radiating leadership qualities and organising cultural events.

Non – Technical Expertise:

- Highly proficient in Tamil language.
- Writes poems and articles in Tamil.
- Highly engaging and a powerful orator(Tamil).
- Musical instruments – Mridangam, tabla, ghatam.

EDUCATION

- **Bachelor of Engineering (B.E), Computer Science and Engineering**
Saveetha School of Engineering
August 2022 - May 2026 (Cgpa – 8.91)
- **Senior Secondary Examination – Chinmaya Vidyalaya Sr.Sec School**
(Cgpa – 8.98)
- **Secondary School Examination – Chinmaya Vidyalaya Sr.Sec School**
(Cgpa – 9.48)

TECHNICAL PROJECTS

- Brain Computer Interface for imagined speech recognition – A comparative study using 5 Deep learning algorithms.
- Pre – used Automobile Price Prediction – A comparative study : Implemented and compared the automobile price prediction system using 5 machine learning algorithms.
- Image to text conversion – Implemented a simple image to text conversion using OCR.
